ELEVATE YOUR BUSINESS OPERATIONS

Step into the future with a new generation of MFPs for mid-to-high volume office operations. A true business assistant, the Konica Minolta's C651i product family can help your organization tighten security, boost efficiency and advance fleet management—taking operations to a whole new level no matter your future office environment needs.

- Get reliable speed and performance from the robust One i-Series engine powered by a quad-core Central Processing Unit with 8 GB of memory and a 256 GB SSD (Solid State Drive)
- Leverage versatile MFP capabilities with full-speed media printing range and high-speed one-pass dual scanning at up to 280ipm, with digital skew correction, and large capacity trays
- Utilizes multiple sensors to enhance media detection accuracy, automatically selecting the optimal MFP paper settings
- Operate the bizhub like a smartphone or tablet with intuitive and fully customizable user interface
- Print anytime, from anywhere, with Konica Minolta's innovative mobile print support with Wi-Fi access
- Choose from an internal, 50-sheet or 100-sheet floor-standing staple finishers for high-speed versatile finishing convenience, with modular options for 80-page booklet making, tri-folding and post insertion; floor standing finishers also support manual stapling
- Seamlessly connect to your cloud-based document workflows with true cloud scan workflow automation
- Protect your business with secure network integration, self-encrypting SSD, advanced network user authentication and optional virus scan

BOOST PRODUCTIVITY WITH A SIMPLE INTERFACE

The consistent interface across all bizhub Onei-Series devices gives you the look and feel of a modern tablet making it intuitive to navigate. New users benefit from an error-free settings process with a guided copy and scan program. Konica Minolta's MarketPlace User Interface building tool makes it easy to customize the interface to fit your users' unique needs.

- 10.1" tablet-like display with simple, sleek design
- Responsive vibration feedback
- 24-90° panel tilt angle for easy handling
- Card-style layout with easy access to settings
- Drag-and-drop tablet-style operation

SIMPLIFY FLEET MANAGEMENT WITH KONICA MINOLTA RMM

Let Konica Minolta handle your device fleet so you can focus on growing your business. Our Remote Monitoring & Management (RMM) platform keeps your devices secure, compliant, and performing at their best.

Key Benefits:

- Centralized Monitoring: Manage your entire fleet from one intuitive platform
- Built-In Security & Compliance: Stay aligned with organizational and industry standards
- Real-Time Alerts: Proactively address issues with instant status updates
- Easy Optimization: Push updates and settings with minimal effort
- Custom Dashboards: View, verify, and manage device activity at a glance

Stay efficient, secure, and in control—with Konica Minolta's Fleet RMM.

FUTURE-PROOF YOUR DOCUMENT WORKFLOWS

The Konica Minolta One i-Series of MFPs is built for the future, giving you a cloud-ready solution to tackle your business needs. Gone are the days of being tethered to on-premises MFP infrastructures and cumbersome IT tasks. With Konica Minolta's C651i product family of MFPs, you have an elegant, effortless solution to elevate efficient business operations for the modern world of work.

CONNECT TO YOUR CLOUD WORKFLOWS

Accelerate your digital transformation with the Konica Minolta cloud-enabled C651i product family of MFPs

- Handle typical workloads more efficiently by scanning and faxing diverse document sizes to multiple repositories
- Print confidential files directly on the MFP, ensuring documents are only released by the person who submitted the file
- Enhance communication and teamwork with this platform that supports large file storage, sharing and collaboration—within your company and with your external customers

PROACTIVELY PROTECT YOUR BUSINESS INFORMATION

In addition to layered security offerings, the bizhub C651i product family of MFPs come equipped with:

- Standard 256 GB solid state drive (SSD)
- MFP user authentication
- Authentication attack detection
- Password hack detection

Optional Security Offerings

- HID Proximity & Smart Cards
- Mobile-based biometric authentication
- Virus scan to protect against malware and viruses
- Cloud-based security monitoring and management

EASY FOR ANYONE TO USE... DESIGNED WITH EVERYONE IN MIND

Konica MinoltaMFPs useUniversal Design principles to ensure anyone regardless of age, gender, stature or disability can use them with the same degree of ease.

- Colour-coding and LED lamps make MFPs simple to use for visually-impaired individuals
- Easily accessible paper trays and toner cartridges for refilling, easy to lift automatic document feeder and soft-close hinges for silent closing
- Large 10.1" tablet touch panel with a 24° to 90° tilt angle and vibration feedback provide convenient operation for all users—whether standing or sitting
- Voice guidance option enlarges select screens and provides verbal guidance to explain key operations to help vision-impaired users carry out jobs and prevent incorrect functions from being executed
- Dark-coloured paper tray and translucent document feeder guides help people with poor vision identify paper easily
- Ribbed paper trays that can be identified by touch

SUPPORT YOUR SUSTAINABILITY GOALS

Konica Minolta cares about the environment and our collective future. We have been honoured with numerous national and global awards, including:

- Inclusion on the Dow Jones Sustainability Indexes for eight consecutive years
- Top rating from the Climate Performance Leadership for activities related to climate change
- 95 active products on the EPEAT registry, with 69 achieving gold status
- 14 products on the EPEAT registry with 21 optional points — the highest EPEAT point total of imaging equipment manufacturers

PARTNER WITH A LEADER IN ENVIRONMENTAL PROGRESS

Konica Minolta doesn't just talk about environmental goals, we take action. We developed a technology that blends polyethylene terephthalate (PET) plastic with Polycarbonate (PC) from water bottles to create a recycled material that can be used in the outer casing of MFPs—a first in the industry.

We are also a SmartWay partner with the U.S. Environmental Protection Agency (EPA), agreeing to reduce emissions and fuel use in logistics activities. In addition, Konica Minolta is a member of Two Sides, where we take the lead in environmentally conscious printing—educating communities about the importance of sustainable forestry and eco-friendly paper goods.

eco VISION 2050

Konica Minolta Eco Vision 2050

Our environmental action plan centres on three goals:

- Reduce CO2 emissions throughout our product life cycle by 80 percent by 2050, compared to 2005 levels*
- Promote recycling and effective use of the Earth's limited resources
- Work to promote restoration and preservation of biodiversity

*Currently ahead of schedule and on track to reach carbon minus status by 2030
